Green and White Team Lost to the St. Benedict's Squad

Bearcats Outclassed by 'Moon' Mullings Ravens on the St. Benedict's Field.

LINE CENTER STRONG

WEIFFENBACH STARS FOR RAVENS WITH A SEVENTY-FIVE YARD RUN FOR TOUCHDOWN

St. Benedict's College Ravens gave another demonstration of the Notre Dame system Saturday to defeat the Bearcats, 33 to 0, before the largest homecoming crowd ever assembled at Atchison.

Co-Captain Bill O'Neal led the Raven offensive, counting three of the five touchdowns, while Fred Gambold and "Whittle" Weiffenbach, sub backs, scored the other two. Jim Helmert of Kansas City, Kan., added two Raven points and Gene Neff, sub back, the third with kicks from placement following touchdowns.

Helmert Starts the March Helmert opened the first major Raven offensive shortly after the game opened with a 23-yard dash that planted the ball within thirteen yards of the goal. Beattle and O'Neal plunged to the 3-yard line on successive plays, and O'Neal went over.

Weiffenbach's sensational 36-yard dash to the 11-yard line gave the Ravens their second chance. Weiffenbach's pass into the end zone to Gambold completed the touchdown.

O'Neal staged the prize sprint of the game early in the third period when he slipped off the Maryville right end and raced seventy-four yards to the goal line.

Yates fumbled and Paul Kelly, Raven freshman end from Bonner Springs, recovered the ball on the Maryville 41-yard line. Two plays netted ten yards, then O'Neal charged through the Maryville line and ran thirty-one yards to count his third touchdown of the afternoon.

Intercepted Pass and Scores Weiffenbach intercepted Rulon's fanning pass on the St. Benedict's 27-yard line and raced unmolested to the goal line to count the final touchdown.

The Ravens early in the fourth period twice threatened to score, the initial quarter and late in the last period, but could get no farther than the 9-yard line.

Cambridge Debaters Here Last Saturday

The crowd, numbering several hundred persons, which attended the State Teachers College-Cambridge University international debate held Saturday night in the College auditorium, enjoyed every minute of it. Formalities were thrown aside as the English debaters, Alastair Sharp and Michael Barkway, combatted Edward Morgan and C. J. Merrigan for supremacy in the arguments. This was a non-decision debate. The speeches, on one side upholding that the United States should adopt the British system of radio control and operation, and on the other maintaining that the American system as it now is will do, were filled with witty remarks and were as entertaining as after-dinner speeches.

E. W. Mounce, chairman of the department of commerce and business administration at the College, presided.

ANNUAL DAD'S DAY HAS BEEN SET FOR DEC. FIFTEENTH

Dr. O. Myking Mehus Announced the Program as Planned For the Occasion.

Bearcats First Basketball Game With Peru Will Be Feature For The Day.

Plans have been completed for the annual Dad's Day which is to be held December 15. Dr. Mehus of the faculty, assisted by student representatives from all campus organizations, is in charge of the program for the day.

Beginning at nine o'clock the Dads are to register in Social Hall. At ten o'clock there will be a special assembly. The program for the assembly will be furnished by the conservatory of Music and a speech will be given by President Lamkin. After the assembly the Dads are free to visit classes or points of interest about the campus. They are especially urged to attend classes and see what the work is...

At twelve-thirty the annual banquet will be held in Residence Hall and the Christian church. Tickets for the banquet may be purchased from the committee in charge.

At two-thirty the Mask and Gavel will again present "Adam and Eva," the play presented as one of the minor entertainments of the fall quarter.

This is to be given in the auditorium and will be free to the students and their Dads.

After the play the Dads are free to spend the time as they choose with their sons and daughters. They are to have the evening meal with the children also.

At eight o'clock the opening basketball game on the Bearcat schedule will start.

The Peru Teachers from Peru, Nebraska will be the opposing team. Tickets for this game will be purchased at the game.

No announcements have been received as yet but it is probable that social organizations will have their usual banquets for their members and their fathers.

Students are requested to inform the committee if their Dad is to be here. This is a necessity in order that reservations can be made for the banquet.

Monday, December 4 is the opening of the winter quarter. Late registration fee will be charged those enrolling after 6:00 p. m. Wednesday, December 6.

Students should be sure their course books are turned in this quarter because they are a necessity when enrolling. These books are to be turned in to the registrars office in room 203.

The Social Science club had its quarterly election this week and the following officers were selected for the winter quarter: Homer Black, president; Kenneth Brown, vice-president; and Maxine Strickland, secretary and treasurer.

The retiring officers are: C. J. Merrigan, Charles Hurley, and Virginia Miller.

MISS MILLIKAN TO HEAD CHILDHOOD EDUCATIONAL ASS.

HEAD OF ELEMENTARY TRAINING SCHOOL ELECTED STATE PRESIDENT AT ST. LOUIS

The annual meeting of the Missouri branch of the Association for Childhood Education was held at the State Teachers' Convention in St. Louis. Miss Millikan, sponsor of the Maryville branch of A. C. E. of Maryville State Teachers' College who has for the past year served as president of the State Association, was re-elected at this convention.

The Association for Childhood Education is establishing a new committee on Research. The function of the committee is to choose from the problems which Dr. Davis, consultant of the committee, might secure from the entire field of nursery school, kindergarten and elementary grades, the specific problem or problems upon which research might be effectively done; to plan and conduct such research with whatever cooperation was necessary from the members of the A. C. E. Dr. Elizabeth Woods, Los Angeles, California is chairman of the committee of Research. Because of Millikan's experience and training she has been asked to be a member of the National Committee.

Richards, Rouse, Boatright, Schroeder, Cronkite, Baker, McMillen, Marr, Green, Sloan, Phelps, Rulon, Jones, Yates, Burke, Francis, Börgmier, Olsen and possibly Morrow and either Palumbo or Palm. Palumbo and Morrow are both on the injured list but may have been able to go. Sullivan was hurt in practice this week and was unable to accompany the team.

The following men made the trip: Richards, Rouse, Boatright, Schroeder, Cronkite, Baker, McMillen, Marr, Green, Sloan, Phelps, Rulon, Jones, Yates, Burke, Francis, Börgmier, Olsen and possibly Morrow and either Palumbo or Palm. Palumbo and Morrow are both on the injured list but may have been able to go. Sullivan was hurt in practice this week and was unable to accompany the team.

The probable starting line-up will be: Richards at center, Rouse and Boatright at guards, Baker and Cronkite at tackles, Marr and Sloan at ends, Phelps at quarter, Rulon and Burke at halves, and Jones at fullback.

Marshall, Mo.—The Missouri Valley Vikings today were leading in the Missouri College Athletic Union gridiron race and they will have a chance to claim the title by beating Central Thanksgiving day.

The Vikings, who lost their first two non-conference games of the season and tied William Jewell, 7-7, jumped to the head of the procession by a 19-0 victory Friday over Tarkio, hitherto undefeated this season. Central and Jewell played a scoreless tie Friday.

Only four games are on this week's schedule, with most of the teams holding their steam for Thanksgiving contests. However, the Kirksville Teachers, who have clinched the Missouri Inter-collegiate Athletic Association title, will meet the Pittsburg, Kas., Teachers, the Maryville Teachers will play the Missouri School of Mines, Tarkio will face St. Benedict's, which swamped Maryville last week, and Jewell will encounter Rockhurst.

Mules in Second Place Second place in the M. I. A. race will not be definitely settled until Thanksgiving, when the Maryville and Warrensburg Teachers clash. Warrensburg went into second place and Cape Girardeau dropped to third by virtue of the Mules' 16 to 0 victory over the Indians Friday. Warrensburg can clinch second honors by defeating Maryville. If the Mules lose, they will go into a three-way tie with Maryville and Cape Girardeau.

The Kirksville Teachers, who have bowled over the Missouri Tigers as well as all M. I. A. conference opponents, showed their prowess by defeating the Missouri School of Mines last week, 18 to 0.

Principia of St. Louis won the Missouri State Junior College Championship and kept their record unmarred by defeating Kemper, 7 to 0. Principia has not been scored on this season.

The luckless Missouri Tigers lost to Washington University 33 to 7, while St. Louis University was defeated by the golden avalanche of Marquette University 21 to 6.

Principia of St. Louis won the Missouri State Junior College Championship and kept their record unmarred by defeating Kemper, 7 to 0. Principia has not been scored on this season.

The contest was judged by E. W. Mounce, Dr. H. G. Dildine, and Orville O. Miller, all of the College faculty.

Mr. Hall is the son of Mr. and Mrs. B. C. Hall of Wilcox. B. sides attending College, Mr. Hall is pastor of Workman Chapel, northwest of here. The subject of his oration is, "The Monster Speaks." The term "monster" as used in Mr. Hall's oration is war.

THE STROLLER

You see somebody in deep concentration he is not about the context of the examination, just merely to figure out the examination schedule.

"Stroller" has not heard a whimper about the article published in the "Stroller" last week. For the last there was plenty of back talk about the fairy if it's fairy stories you want, make it known, but want more stroller articles—silence is consent.

The Stroller didn't know when Mr. Mounce announced the debaters, who the pugilist was on the local team before the debate was over there was no guessing to do. We are happy to learn of Mr. Morgan's combination of combining tennis strokes with a speech. A combined stroke really puts the power behind the shot. They still want Estelle to go horseback riding.

Heath made it known to the Missourian staff that he did not want to see any front page stuff about his pin. What does Heath think he is, to rate the front page?

The Stroller overheard a lady (?) remark that all Mr. Thorpe needed to perfect his performance at a football game was a grass skirt.

Pence and Pierce were separated for one week-end since they met. Pence had stayed away from Mother's love as long as she could.

You don't suppose Margaret, Humphrey is still color blind do you? No, it wasn't Green or Brown Sunday but Pierce—maybe just a good old heart to heart talk.

Huntsman can't find who the girl is that lives on Walnut—he thinks he is cute and wants a date with him. Any information concerning said girl would be appreciated by Willie.

Hardy stepping out with an Alpha Sig, Miss Maloy. Tish, Tish, why don't you pick on some one your own size?

It's an old story but Cronkite still thinks it is good. And so the Stroller listened to the one about "seeing a white swan eating marshmallows in a snow storm."

So to make a good impression Barrett posed on the porch at the dorm as Mercury for Dean Pike.

Stubbs was seen on the very front row at the debate Saturday night. Is he taking a speech course or was he escorting a young miss by the name of "Inez."

The "No-Date" dance turned out to be a dance of a selected few Friday night. With about ten of our popular (?) young set at a house party at Albany, and a large number at the bridge contest a nice time was enjoyed without any interruptions.

Was Margaret Maxwell all turned around Monday morning?

Where was Morgan's broad accent Saturday night in the Cambridge debate?

Chubby says that there is one consolation in not doing the pin hanging act himself, now it is up to the better-half (?) to buy the cigars.

Some Points Brought Out by Dean Russell of Teachers College, Columbia University

Schools must give the American people a thorough understanding of modern economic and political problems if the depression is to be ended without destroying democracy, Dean William Russell, of the Teachers' College, Columbia University, told the association at the St. Louis meeting.

The dean asserted unless the mass of the people fully understand the new policies of NRA, American government may degenerate into a despotism.

"Education must have as its aim the production of citizens who understand the society in which we have lived, the civil effects of selfishness, the social suicide of cutthroat competition and

the stupidity of narrow-minded nationalism in a world society," declared Dean Russell.

"It must hold as its purpose the production of citizens who will have sufficient background and knowledge to judge clearly the efforts of our leaders toward economic reconstruction."

To achieve this, education in the country must be general and not backward at any point, believes the dean, who added only substantial federal aid can meet the need of the hour. "It is hoped that our national leaders will see its importance," said Dean Russell.

The threatened breakdown of the school system is the great "tragedy of the educational situation that will be found in our country in 1934," the dean declared. Because general conditions are improving we cannot expect educational conditions to keep pace. Effects of depression were slow to touch educational systems, he explained, and predicted it will be two years of more before the "new deal" is felt in school circles. He was of the opinion next year may be worse than last.

"There will be communities without education, districts with only two to four months of school, cities with high schools, colleges and universities crippled, and our youth from sixteen to twenty will be unemployed, idle, unwanted in industry and financially too handicapped to improve themselves." St. Louis Globe Democrat.

False Economy to Cut Schools, Governor McNutt Says

Education of its children and care of its wards are obligations which the state cannot deny even in periods of greatest stress. Governor Paul V. McNutt of Indiana told the association in an address at the Coliseum. The governor was introduced by Governor Park of Missouri.

The birthright of every child is equality of opportunity, Governor McNutt declared, and it is the duty of the state to protect that birthright, which is the basis of all social progress.

Governor McNutt, formerly dean of the Indiana Law School, is a political champion of public education. When he felt the taxing system of Indiana was failing in its support of the state schools, he set about having educational experts devise a new plan, with the result that when the Indiana Legislature adjourned last March, a sales tax law had been enacted to produce \$18,000,000 for maintenance of schools and teachers' salaries. This guaranteed each child eight months school under qualified teachers.

"The hope for future prosperity," Governor McNutt said last night, "lies in trained men and women. Children are born and grow up in periods of depression as well as in times of prosperity. It is impossible to arrest their development. They have but one chance which cannot be postponed. Roads and buildings may wait, but not children."

Three courses are open to the nation in its present stress, averred the Governor. The country may surrender in the face of our problems; it may attempt to preserve those institutions which have grown up through the years; or it may move forward with determination, and intelligence. The first possibility, he said, is unthinkable; the second un-American, for a nation standing still is a nation stagnant. The third course is the most preferable, he contended, and this depends materially on the education of American children.—St. Louis Globe Democrat.

Residence Hall Notes

Dinner guests at Residence Hall Sunday included Michael Barkway and Alastair Sharp of Cambridge, England, Professor and Mrs. Miller, Mr. and Mrs. E. W. Mounce, Mr. C. J. Merrigan and Mr. Edward Morgan.

Residence Hall girls will be guests at a formal Thanksgiving dinner Tuesday evening, November 28th.

There will be a pajama breakfast for the girls of Residence Hall, Sunday morning, November 26th.

Luckies draw easily
—burn evenly

It's easy to see why so many women prefer Lucky Strike. Luckies are fully packed with long strands of choice tobaccos, round and firm to the very tips. That means Luckies always draw easily, always burn smoothly. It also means no annoying loose ends to cling to lips or mess up the nice things in a woman's purse. And every day more and more women are showing their appreciation by saying "Luckies please".

ALWAYS the finest tobaccos
ALWAYS the finest workmanship
ALWAYS Luckies please!

Junior Newman Club Meeting
The Junior Newman club met Wednesday to organize for the year. Officers were elected as follows. Katherine Collins, president; Adrian Tobin, vice-president; Faye Spire, secretary and treasurer; Anna Helen Heflin, reporter; social committee; chairmen, Katherine Collins; John R. Gallagher, Irene Gallagher; entertainment committee; Charles O'Connell; Edward E. Hunt and Helen Gallagher. The next meeting will be held Thursday, November 23.

Hi-Y

The president called the meeting to order Monday morning at 10:30. On account of the absence of the secretary the minutes were not read. There was a discussion on some plays that might be given as a high school entertainment.

Pep Rally

The Pep Squad held a rally Wednesday, November 13. Many new yells were learned. In the afternoon the pep squad attended the game as a group. Much pep was shown.

College Assembly

A special assembly was held Tuesday. Dr. Hammer, from St. Louis, in the interest of public dental health, gave a lecture illustrated by moving pictures on the care of teeth.

Little Sisters of Y.W.C.A.

The last meeting was held at 10:30, Thursday, November 16. Frances Kinsley and Louise Dougan gave some talks, followed by songs by the entire group. The program was presented in memory of Opal Miller, a member of the club who died Friday, November 10.

THE TATTLER

According to reports received by the Tattler Mr. Johnson and his English class are going to start singing "Old Man River." You know so many wells make river and when Mr. Johnson asks a question the answer is always "Well"—etc.

"Drivers will be green" even though it is our good friend Joe Trullinger going up a little hill one evening he killed his engine four times.

A certain eight o'clock teacher surely likes gum—only when a certain supervisor walks in. You had better watch your "tough Mr. —." It might get the best of you. Better try Smith Bros. cough drops before class.

The Tattler wonders why Marion Haller is so happy this week. Last week she looked so down hearted. Hint (Tobin's back in school).

Well, well Mr. Harris. I (the tattler) wonder what the other fellow looks like. If he carries a "shiner" like yours it must look bad.

If anyone knows why Madeline Fine always saves an extra seat in the bus please notify the Tattler at once. Maybe "Red" can explain.

Attention—Boys! Try some of the muffins that Loraine and Zelma made in Home Ec. They were alright except for one thing. They forgot the baking powder.

A student in the four o'clock study hall, after looking at Mr. Harris' shiner, began investigations. The first defendant was Miss Stewart.

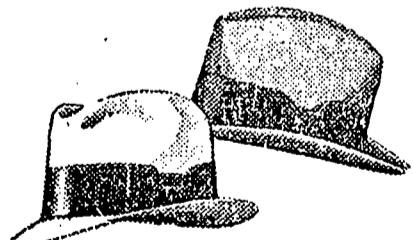

"Did you black Mr. Harris' eye?"

"I am sorry, but I did not."

The Tattler didn't understand exactly what Miss Stewart meant.

Baptist Social Saturday

The College Class and B. Y. P. U. of the First Baptist church is having a social Saturday evening at 7:45 o'clock at the home of Mildred and Leota Clardy at 302 West First street. The Baptist students are invited to attend.

CORWIN MURRIN

IT TAKES HEALTHY NERVES TO BREAK RECORDS IN THE AIR!

HE FLEW AROUND THE WORLD ALONE! Wiley Post climbs out of the Winnie Mae at Floyd Bennett Field as the whole world applauds his skill and marvelous physical endurance. "Smoking Camels as I have for so long," says Post, "I never worry about healthy nerves."

FLYING EIGHT DAYS AND NIGHTS without a stop, Frances Marsalis and Louise Thaden set the world's endurance flight record for women. Miss Thaden says, "For some years I've smoked Camels. They taste better." Also a Camel fan, Miss Marsalis says, "I've never changed because I can't afford to take chances with my nerves."

RACING ACROSS AMERICA in 10 hours and 5½ minutes, Col. Roscoe Turner recently added a new West-East transcontinental speed record to the East-West record he set earlier this year. "Like most pilots I smoke a lot," says Col. Turner. "I smoke Camels for the sake of healthy nerves, and I enjoy them more."

Steady Smokers turn to Camels

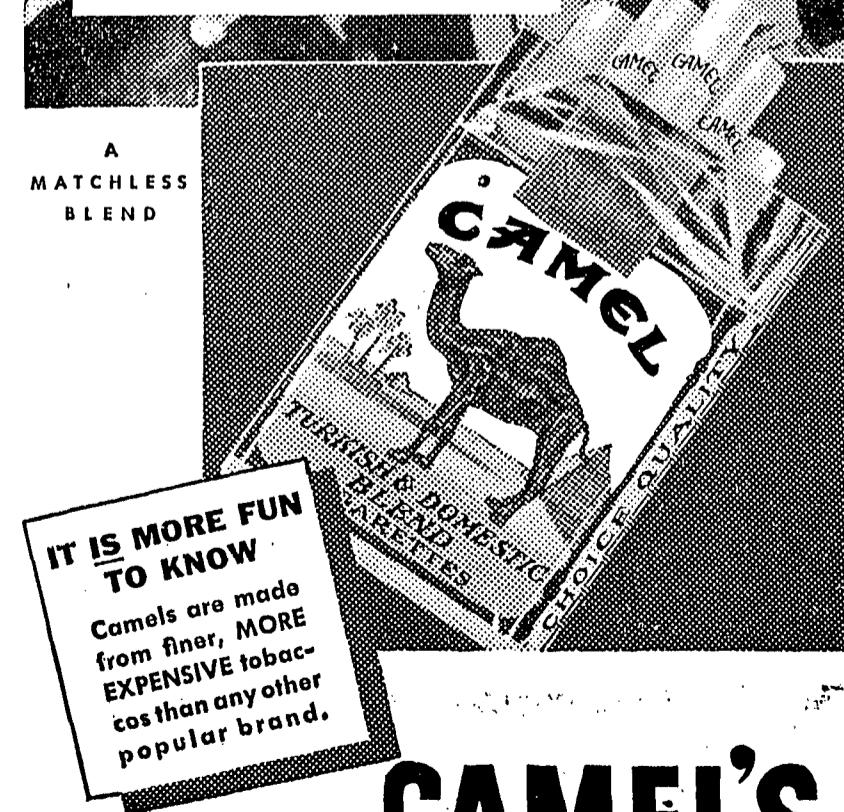

Men and women who are famous for their brilliant flying agree about smoking and healthy nerves. "I never worry about healthy nerves," they say, "because I smoke Camels."

They cannot afford to make a mistake in choosing their cigarette. They have to know. And

it is more fun to know, because of the greater smoking pleasure they find in Camels. Camels are milder . . . better in taste. They leave no "cigaretty" aftertaste.

Change to Camels . . . and see for yourself that they do not get on your nerves or tire your taste!
